Global Programme to Accelerate Action to End Child Marriage
UNFPA-UNICEF Global Programme to Accelerate Action to End Child Marriage

June 2016
The Global Programme to Accelerate action to end Child Marriage

• UNICEF and UNFPA consolidated donor interest into a multi-donor, multi-stakeholder Global Programme to accelerate the movement to end child marriage.

• Builds upon existing investments from Canada, Italy, Netherlands, UK and others

• Currently includes 12 Country Offices across 4 regions: Bangladesh, Burkina Faso, Ethiopia, Ghana, India, Nepal, Niger, Mozambique, Sierra Leone, Uganda, Yemen and Zambia.

• 2015 inception phase used to establish Phase 1 plans

• Launched on March 15th, 2016 at the CSW in New York
Goal/Vision of the Global Programme

• Girls fully enjoy their childhood free from the risk of marriage

• They experience healthier, safer and more empowered life transitions in control of their own destiny, including making choices and decisions about their education, sexuality, relationship formation/marriage, and childbearing

• This shift is reflected by a decrease of at least 10% in the percentage of women 20-24 who are married or in union by age 18 (to be confirmed based on SDG targets and feedback from countries)

Results Framework - Outcomes

Outcome 1  Adolescent girls at risk of and affected by child marriage are better able to express and exercise their choices

Outcome 2  Households demonstrate positive attitudes and behaviors toward investing in and supporting adolescent girls

Outcome 3  Relevant sectoral systems deliver quality and cost effective services to meet the needs of adolescent girls

Outcome 4  National laws, policy frameworks and mechanisms to protect and promote adolescent girls' rights are in line with international standards and properly resourced

Outcome 5  Government(s) and partners within and across countries support generation and use of robust data and evidence to inform policy and programming, track progress and document lessons
Results Framework- Select Impact Indicators

1. Percentage of women 20-24 married/in-union before age 18
2. Percentage of women 20-24 married/in-union before age 15
3. Percentage of women 20-24 married/in-union who gave birth before age 18
4. Percentage of women 20-24 married/in-union who gave birth before age 15
Partners in the Global Programme

The Global Programme framework recognizes the **contributions of all partners** and is building a platform with shared objectives, shared accountability and shared credit for achievements.

At country level, UNICEF and UNFPA are coordinating with national governments to ensure that their child marriage strategy is aligned with and supports national priorities.

The Global Programme also works closely with CSOs by:

- partnering with them as part of a global network of stakeholders
- amplifying their participation and ownership within national and regional mechanisms
- supporting the building of networks of CSOs
- collaborating with CSOs as implementing partners
- building technical capacity of CSOs
- including CSOs as part of its governance structure
